

**NOTICE OF PUBLIC COMMENT PERIOD
on the Draft Removal Action Workplan and
Proposed Notice of Exemption for CADA Warehouse Site**

The California Environmental Protection Agency, Department of Toxic Substances Control (DTSC) requests public comment the proposed Draft Removal Action Workplan (RAW) and proposed Notice of Exemption for the CADA Warehouse site bounded by 11th, 12th, R Street and the alley between R and S street, Sacramento, California. The Draft RAW proposes removal and disposal of soil containing Polycyclic Aromatic Hydrocarbons by excavating the top four feet of the contaminated soil, temporarily stockpiling it on site and transporting it to a landfill. The site will then be back filled with clean soil.

In addition, DTSC has prepared a proposed Notice of Exemption with the Office of Planning and Research pursuant to the California Environmental Quality Act (CEQA). The proposed Notice of Exemption states that the proposed remediation is not subject to CEQA and will not have a significant effect on the environment.

The Draft RAW, proposed Notice of Exemption and other related documents are available for review at:
